

FHA-HERO Recruiting Video Parental Consent Form

Student's name: _____ School: _____

FHA-HERO chapter advisor's name: _____

Background

In an effort to promote more student participation in FHA-HERO, the California Association FHA-HERO will produce a video to be provided to schools and placed on various websites viewed by potential FHA-HERO members. The video will consist primarily of video clips submitted by FHA-HERO students and their chapter advisors. FHA-HERO members may be identified by name, especially if they are giving "testimonials" about their participation in the organization. The angle of the camera will vary. This means that your student may be viewed from the front, back or side. The proximity of the student to the camera may be either at a distance or up close. Students may also be shown alone or in a group setting.

FHA-HERO chapters may receive a contest prize if submitted video is used by the Association. However, no individual is entitled to any compensation for appearing in any Association video or other publicity.

Some parents, for varying reasons, may prefer that their student not be included in the video. Before a student may be videotaped, he or she must have parental consent. By signing below, you are authorizing the California Association FHA-HERO to include your student's image in the video, a television broadcast, on the Internet and any other media. Please note that every student who returns a consent form is not guaranteed inclusion in the final production of the video. However, no student will be considered without written parental consent.

Participation is purely voluntary and has no bearing on the education or grade of your student. The wishes of parents will be respected and upheld. If you approve of your student being in the video as described above, please sign, date and return this form to your student's FHA-HERO chapter advisor as soon as possible.
